

# Square Liner II

## At the right angle

TECHNICAL DATA		SQUARE LINER II	FEATURES	SQUARE LINER II
Accuracy		± 3 mm / 10 m	<ul style="list-style-type: none"> <li>· Fine and clear visible laser lines</li> <li>· 0° to 90° graduation for setting out 90°, 45° or any required angles to floor, wall or ceiling</li> <li>· Built-in circular and tubular vials for horizontal and vertical alignment</li> </ul>	<b>ART-NO. 551000</b>
Working range		max. 30 m*		· Batteries
Laser diodes		2 x 635 nm		· Magnetic target
Laser class		2		· Case
Power supply		2 x 1,5 V AA Alkaline		
Operating time		48 h		
Temperature range		0°C to +40°C		
		* depending on room illumination
